DEDICATED TO HAGOP MISSAK MERJIAN

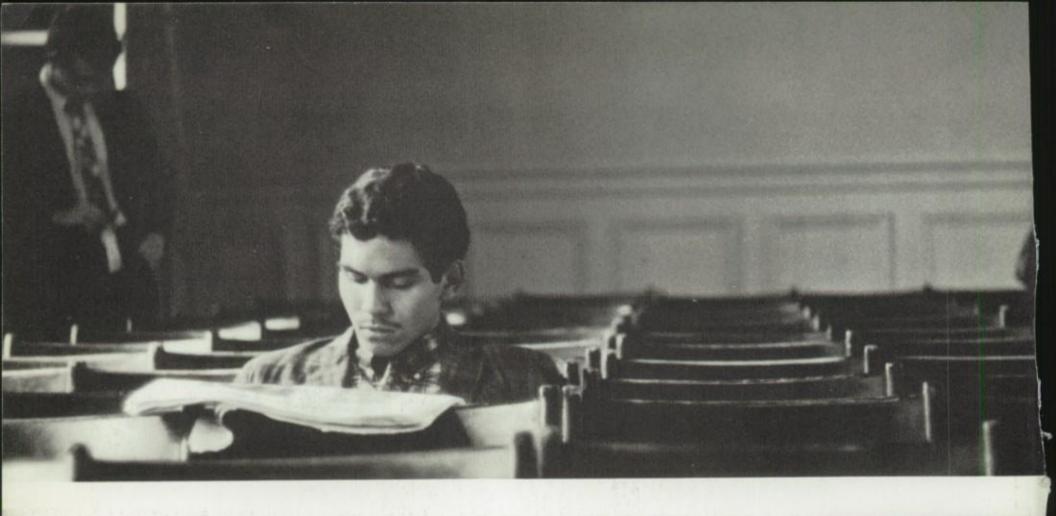

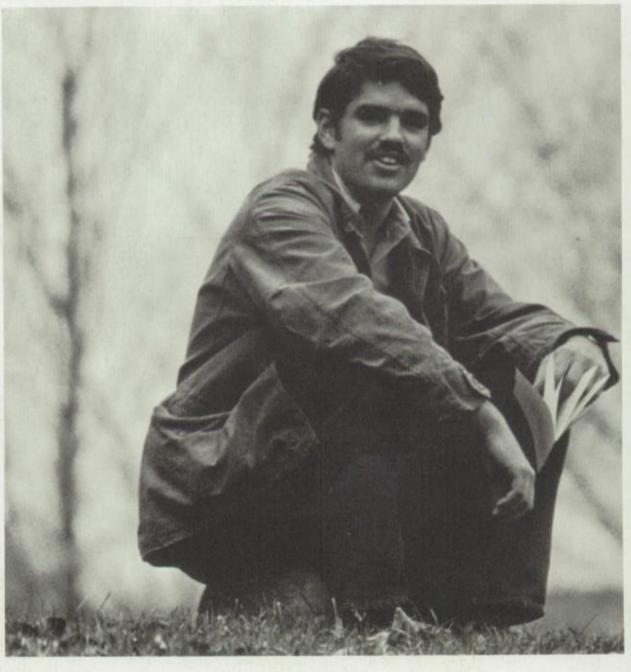

JOHN PERNET KING, JR.
We will honor his memory.

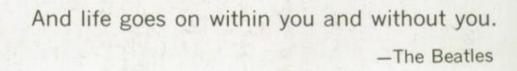

REV. DR. MARTIN LUTHER KING, JR.

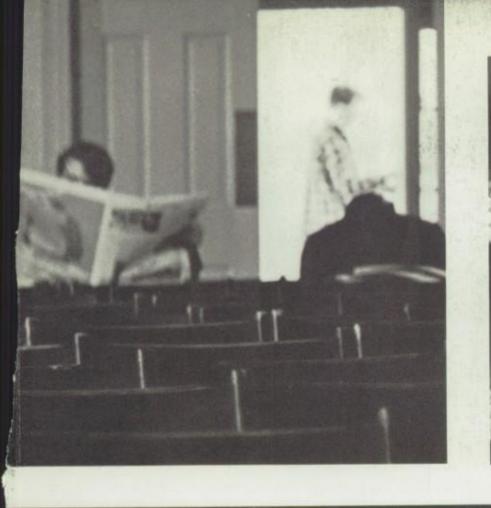

"The King is dead. Long live the King."

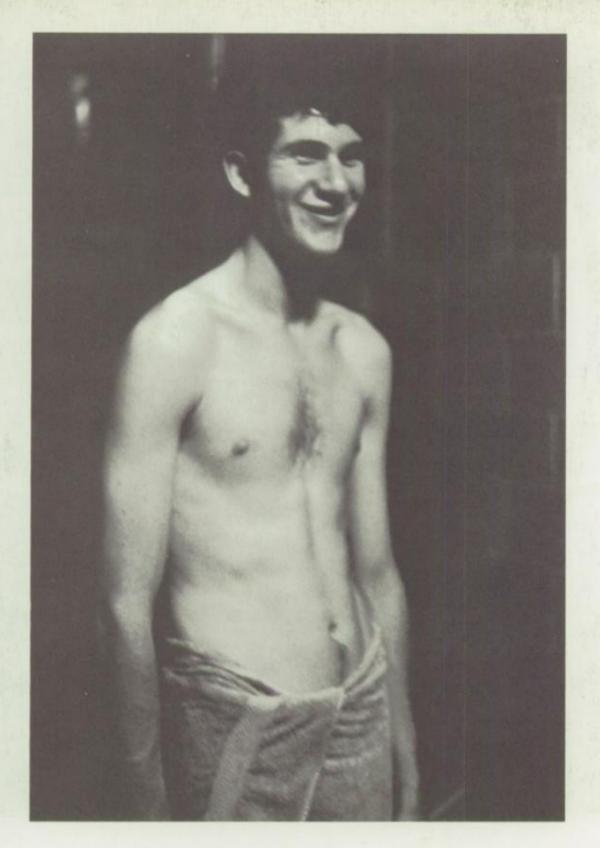

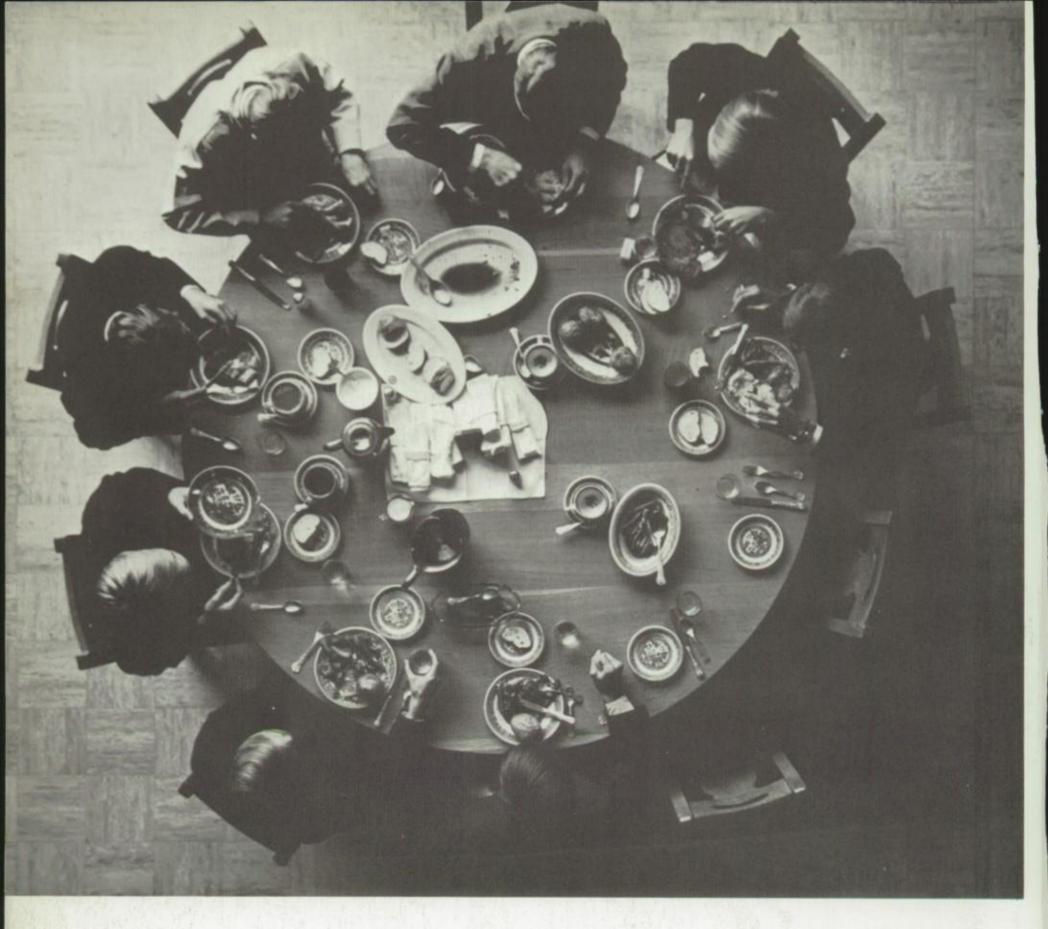

And striving to be man, the worm mounts through all the spires of form.

-Emerson

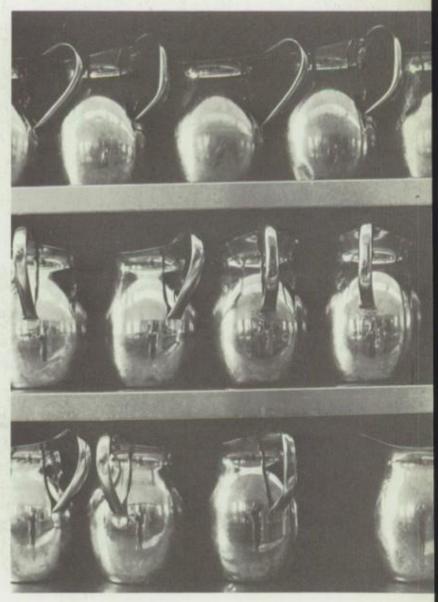

Pungent meatjuice, slop of greens, see the animals feed.

-Joyce

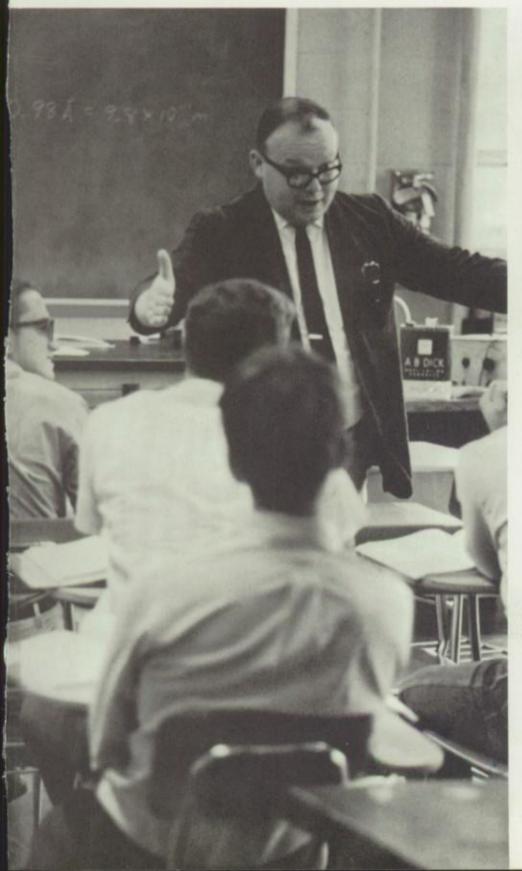

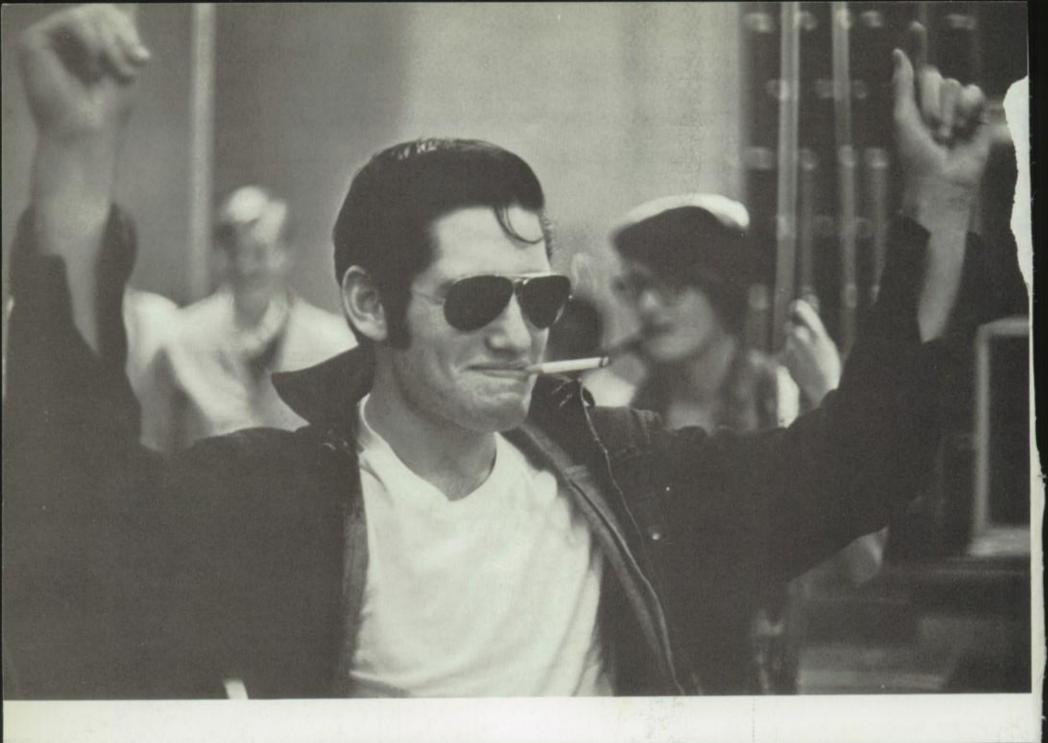

THE DEVIL: What is the use of knowing? DON JUAN: Why, to be able to choose the line of greatest advantage instead of yielding in the direction of the least resistance. Does a ship sail to its destination no better than a log drifts nowhither? The philosopher is nature's pilot. And there you have our difference: to be in hell is to drift: to be in heaven is to steer.

He be a fellow o' the' strangest mind i' th' world. He delights in masques and revels sometimes altogether.

-Shakespeare

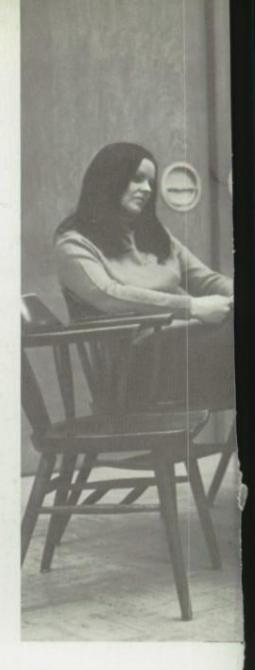

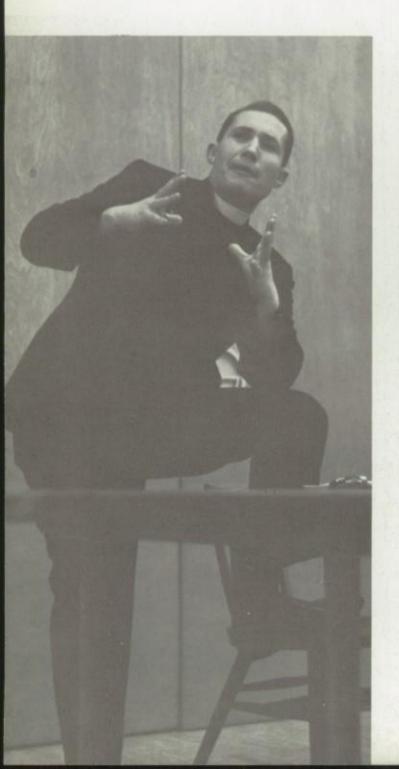

It is like this In death's other kingdom Walking alone At the hour when we are Trembling with tenderness Lips that would kiss Form prayers to broken stone. -T. S. Eliot

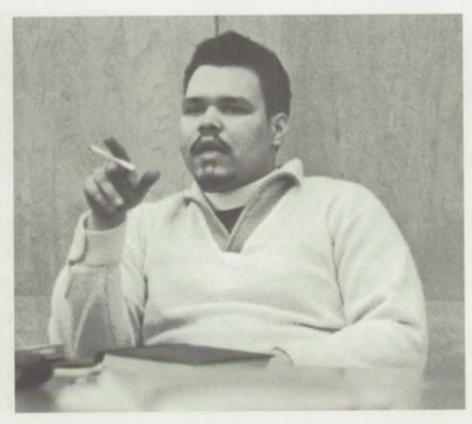

It cannot be repeated too often that nothing is more fertile in prodigies than the art of being free; but there is nothing more arduous than the apprenticeship of liberty. Liberty is generally established in the midst of agitation, it is perfected by civil disorder, and its benefits cannot be appreciated until it is already old.

-Tocqueville

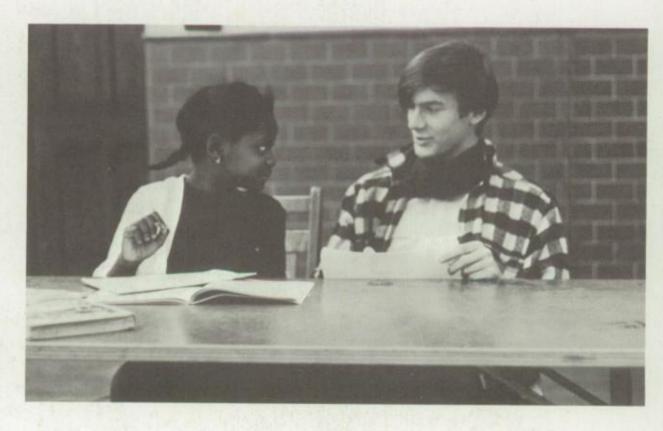

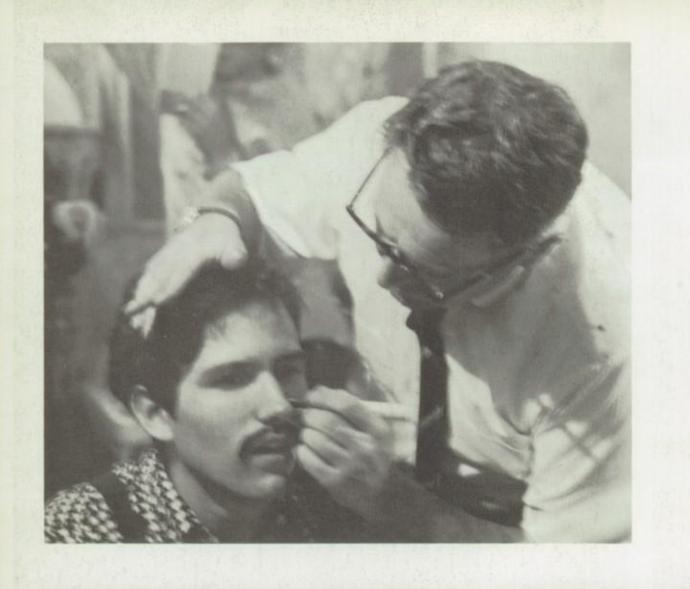

And the Word was made flesh.

-Gospel of John

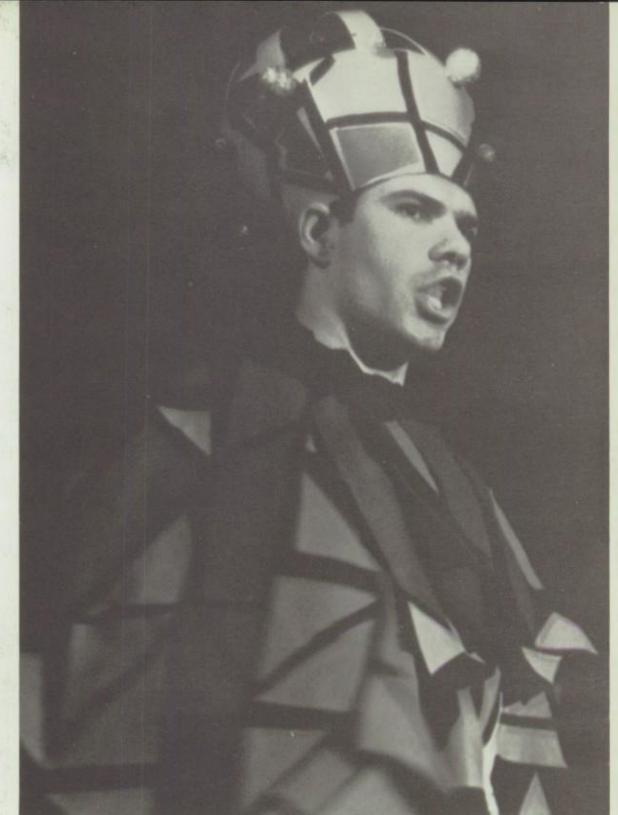

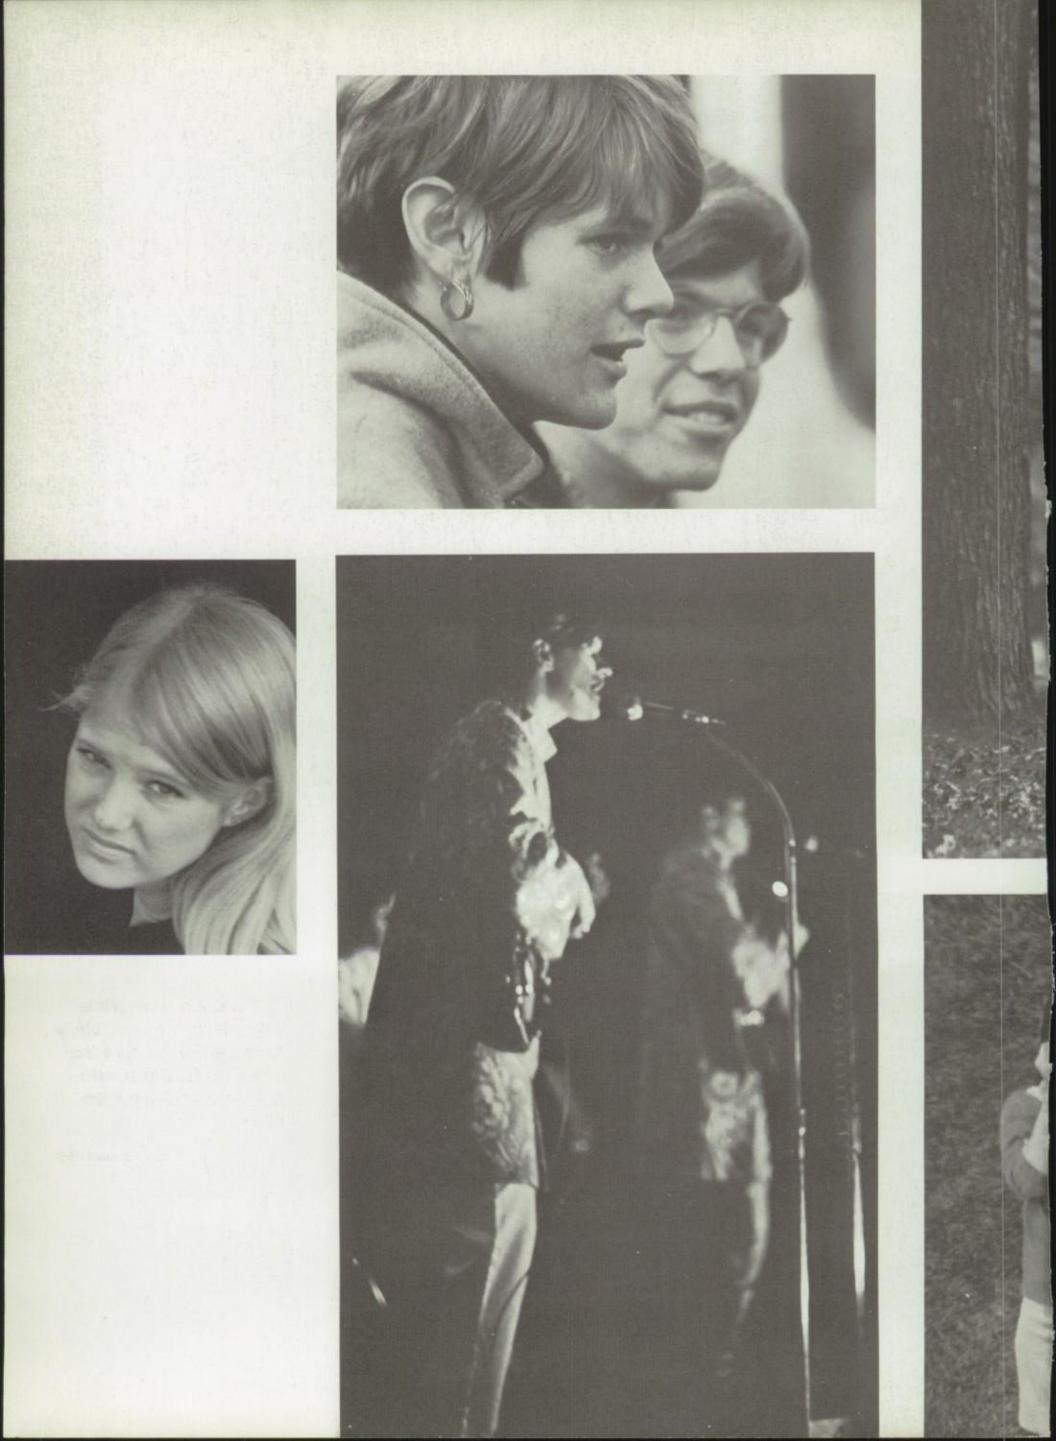

Drama is no mere setting up of the camera to nature: it is the presentation in parable of the conflict between Man's will and his environment: in a word, of problem.

-G. B. Shaw

It is quite compatible with the principle of utility to recognize the fact that some kinds of pleasure are more valuable than others.

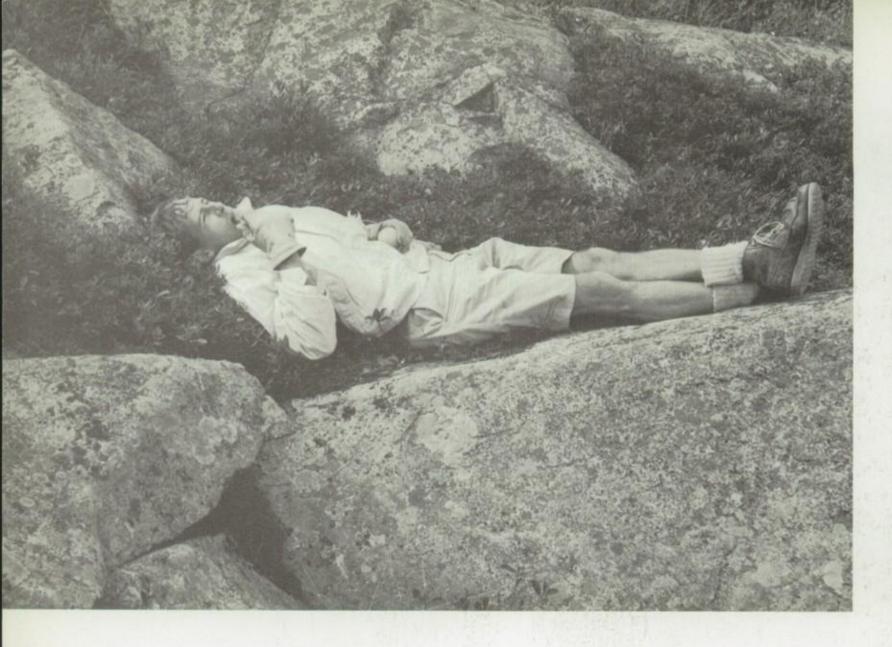

-John Stuart Mill

Societies have always been shaped more by the nature of the media by which men communicate than by content of the communication. The medium, or process, of our time—electric technology—is reshaping and restructuring patterns of social interdependence in every aspect of our personnal life.

-Marshall McLuhan

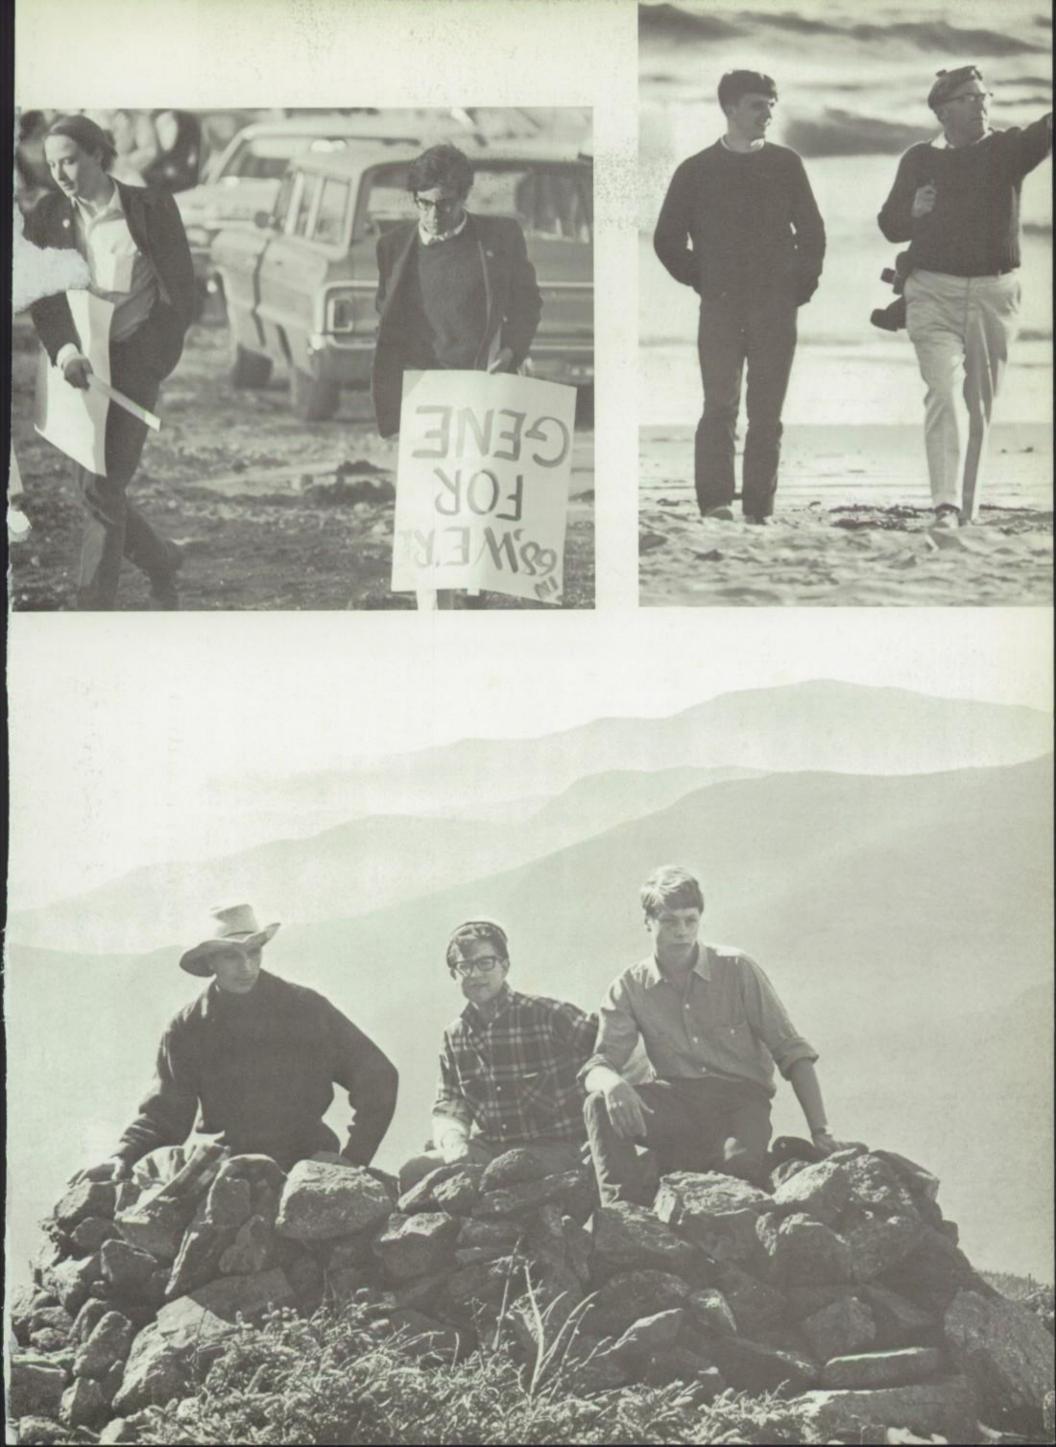

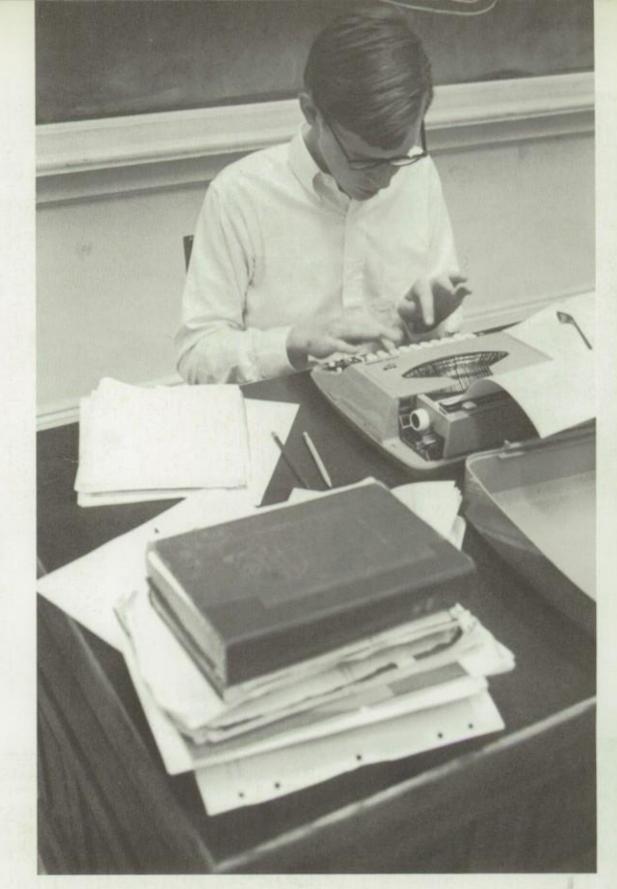

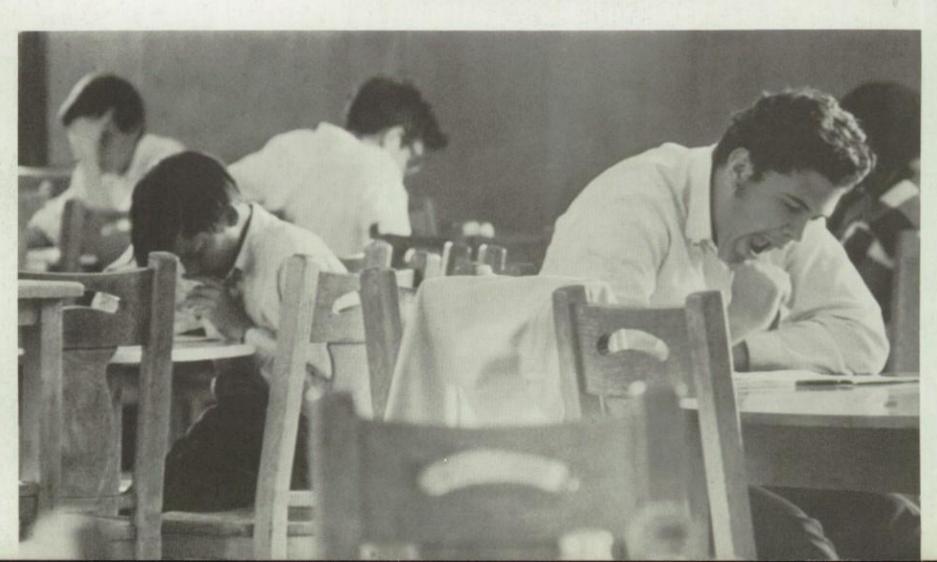

Great circle, unending universe of life, huge legend of dark time!

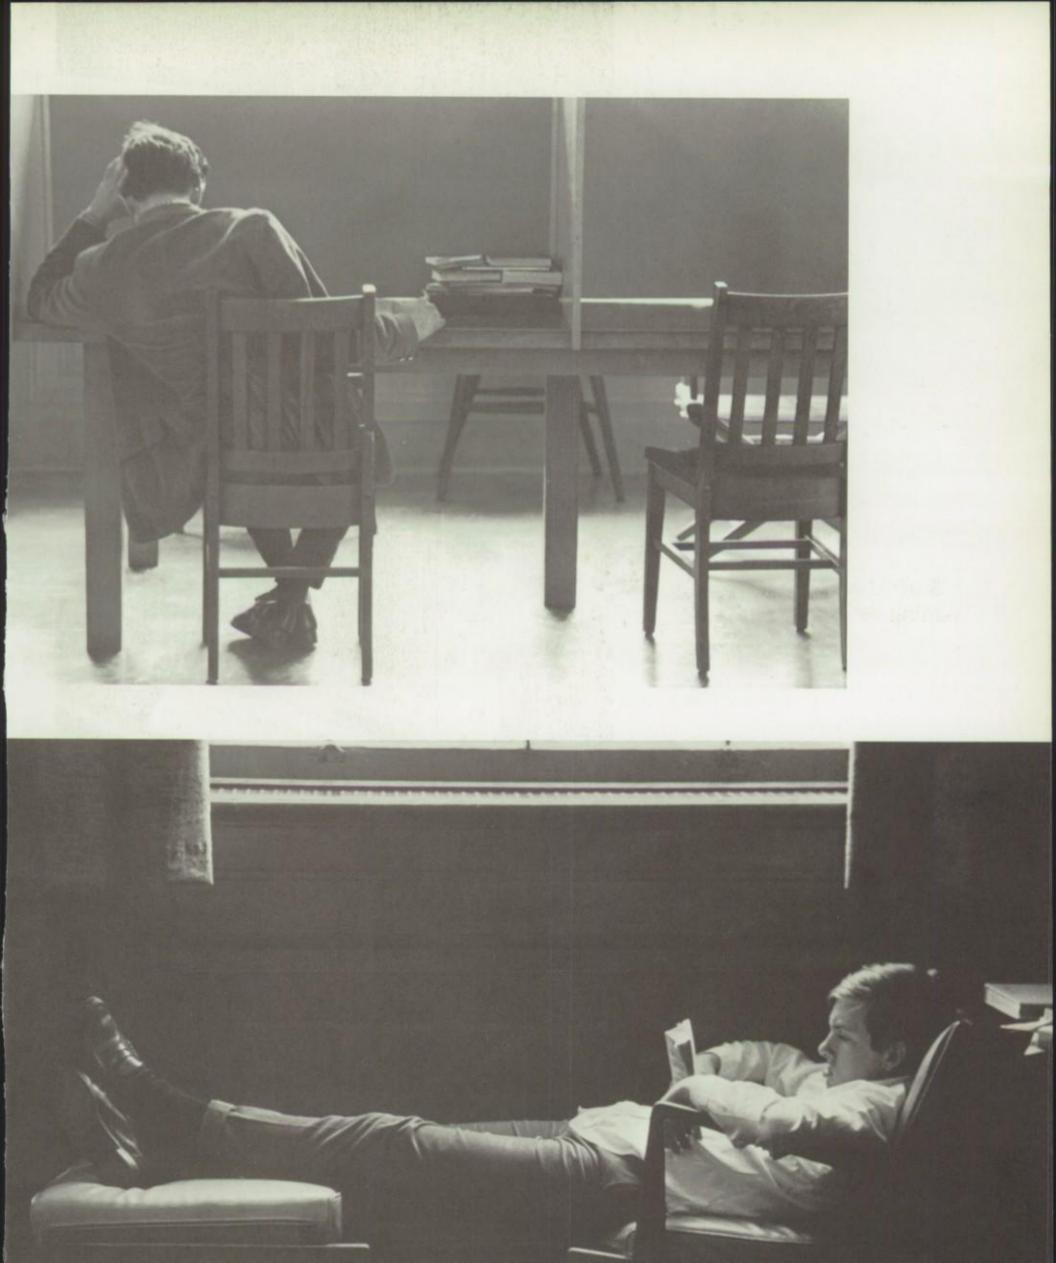

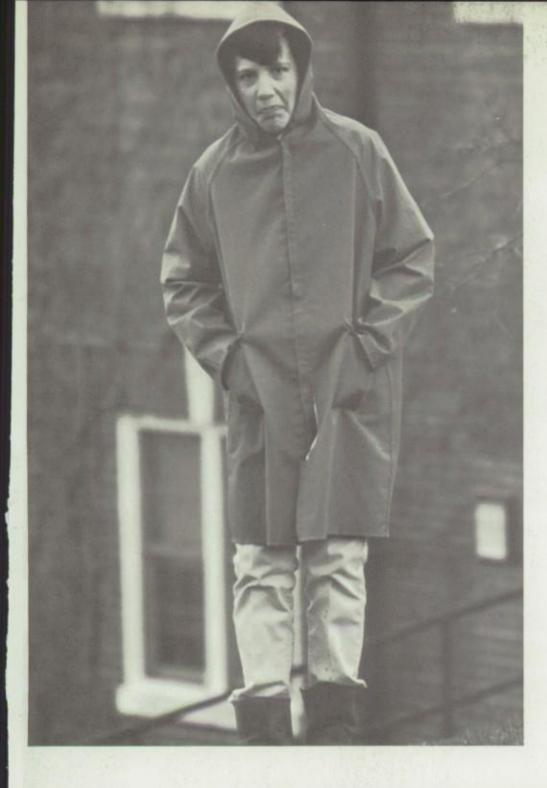

Stuff the head with all such reading as was ever read.

-Alexander Pope

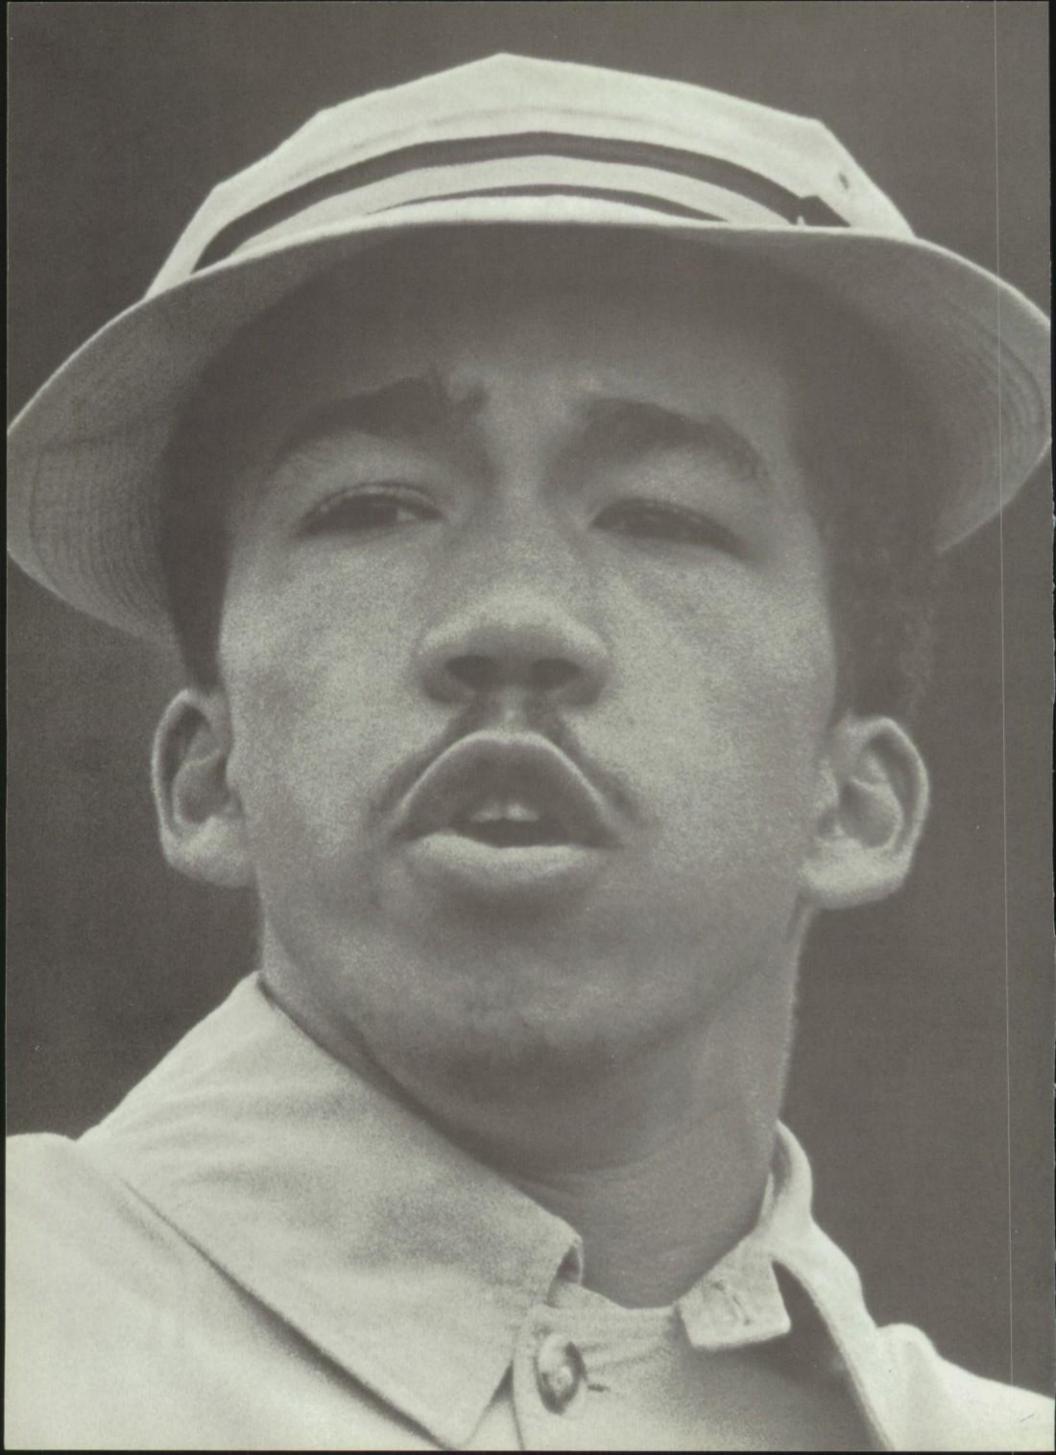

We're Sergent Pepper's Lonely Hearts Club Band. We hope you have enjoyed the show.

—the Beatles

Two years ago, with eight sophomores starting, Pomfret was humiliated in football. Last year it was a little better, but still frustrating. This season with the strong nucleus returning for a third year, Pomfret produced its best football team in ten years.

After tackling Portsmouth Priory 18–0, Pomfret had a close contest against St. Marks, squeaking by on a Bob Sims interception, 22–20. The team came back after a dissapointing loss to powerful Kingswood, to humiliate St. Georges 36–6. Gunnery, a new team on the schedule, succumbed to a charging offense and in the next game the defense shined as Moses Brown rushed for only four yards. In the last and roughest clash of the season, rival Westminster tied the score in the last five seconds 12–12.

Co-Captains Rob Richardson and Dave Greenwood provided inspirational leadership as coaches Morton, Daentl and Murbach drilled us into fine form for a great and satisfying season.

FOOTBALL 5-1-1

SOCCER 8-4

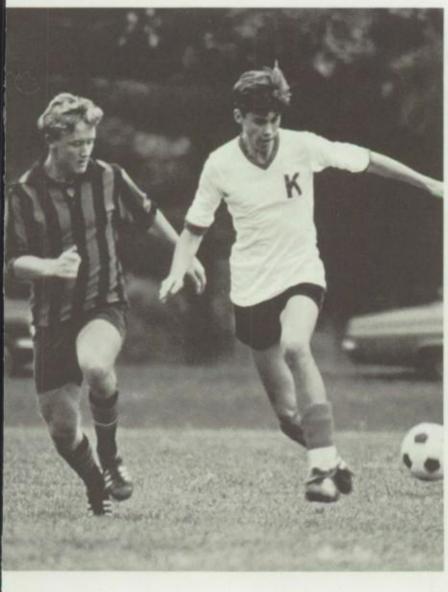

Varsity soccer was a monopoly of the class of 1968, fielding a team of 25 seniors and only 3 juniors. Two competent lines, led by high scorers Roumain and Vento, outscored their opponents by two to one. A fast halfback line of Captain Warner, Pudgy Hodges, and next year's Captain Griswold, backed up the front four and made up for the mistakes of the fullbacks. The various fullbacks, including varsity veterans, a former league star, and ex-J.V. benchwarmers, were characteristic of the whole team: when they were good, they were great, but when they were bad, they were rotten. The whole team was augmented by the fantastic but filthy fanaticism of goalie Bodman. Some of the team's greater achievements included a 5–1 pasting of archrival Kingswood, heartbreaking losses to Suffield and Watkinson in pouring rainstorms, a dropped crankshaft by the insidious Green Bus, numerous lost cleats, salami and mustard sandwiches, and an easy 3–1 win over Westminster in Grande Finale.

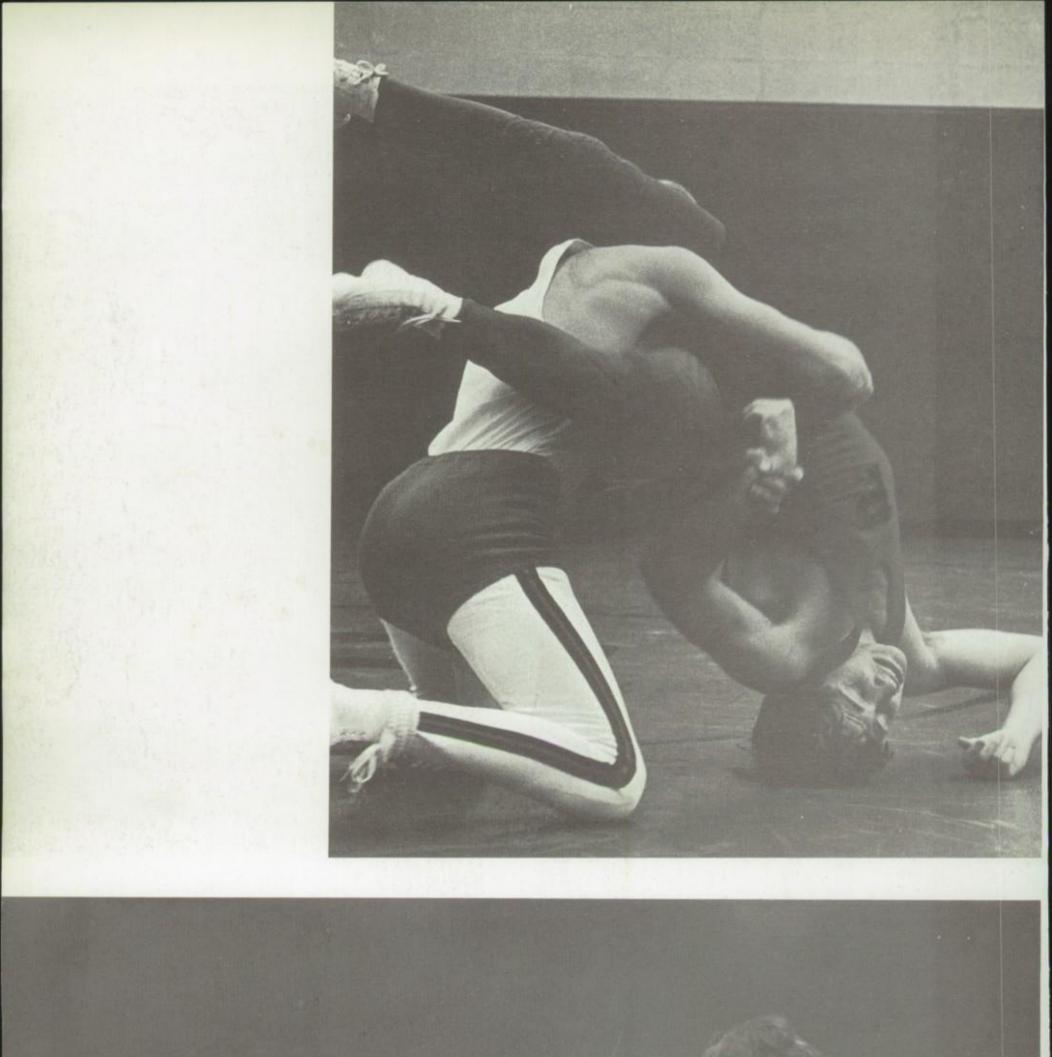

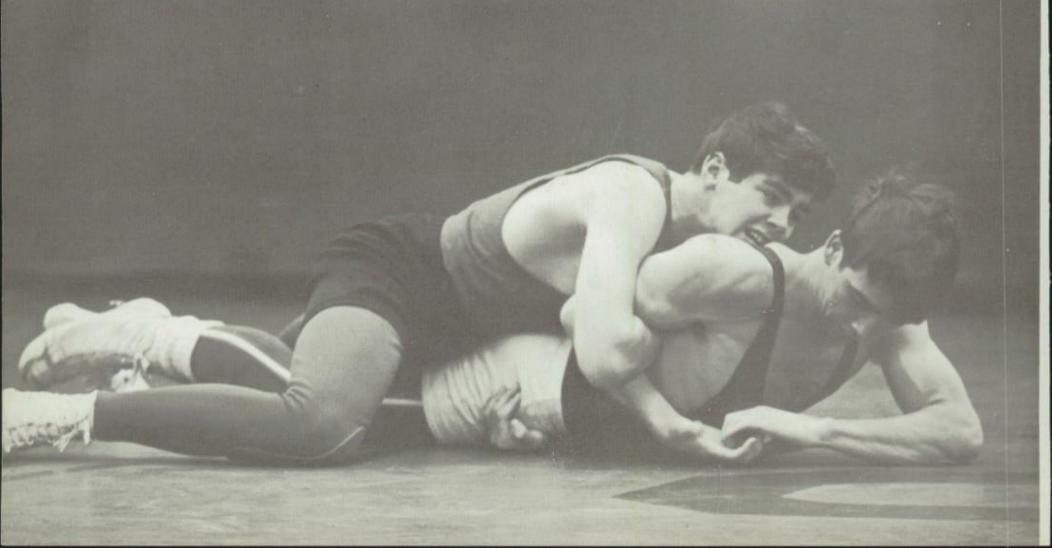

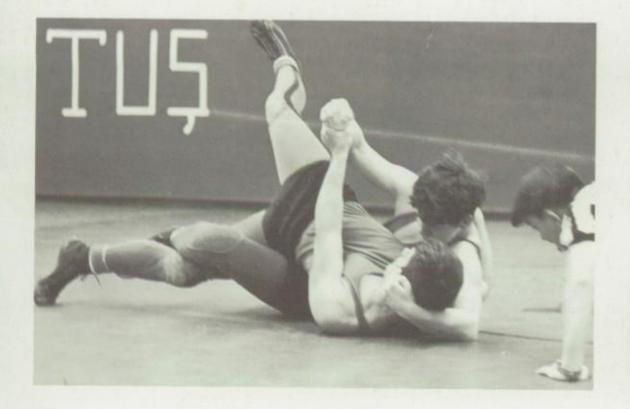

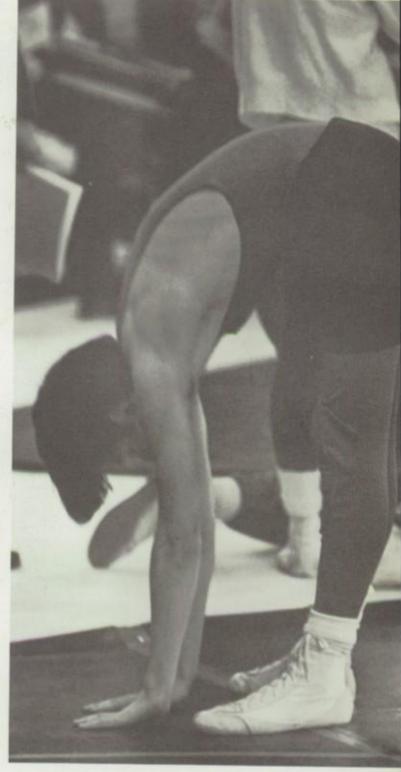

Wrestling at Pomfret produced a respectable season this year despite a rash of injuries. After sweeping the first five matches, a combination of injuries and tough competition resulted in close losses to Kingswood, Worcester and Wilbraham. Captain DiNatale suffered a concussion; after an easy triumph over Saint George's, undefeated Whit Bodman succumbed to a knee injury and the team was soundly beaten by state champion Suffield. The regular season ended with a fine win over Avon. Although the 7–4 record was somewhat disappointing considering the wealth of talent, it was a fine year, far more successful than the record indicates. In the state tournament at Suffield, Jim Zurowski finished a strong third.

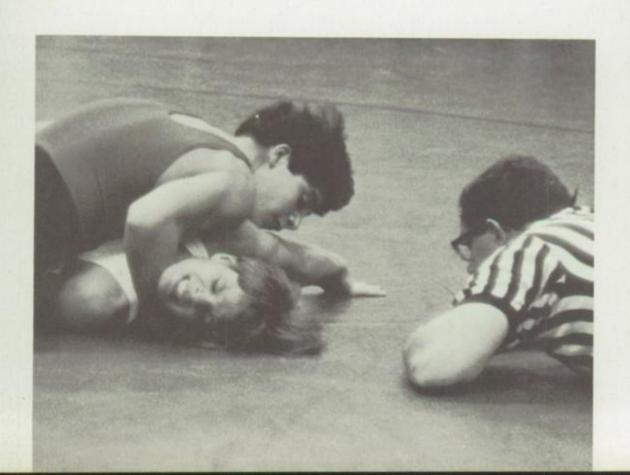

With a nucleus of seven senior lettermen graduating, there will be a lot of pressure on next year's team but Juniors Friedman, Howe, Cutler and Oakes along with Sophomore Gil Judson should produce a fine 1960 account.

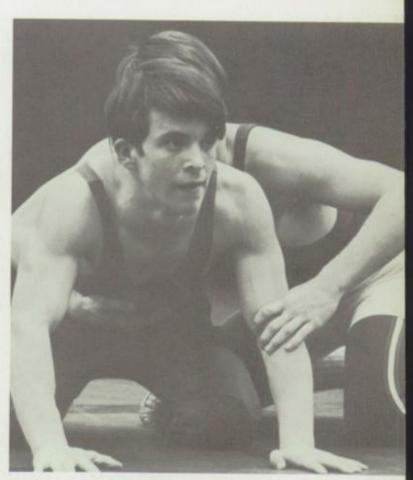

should produce a fine 1969 season.

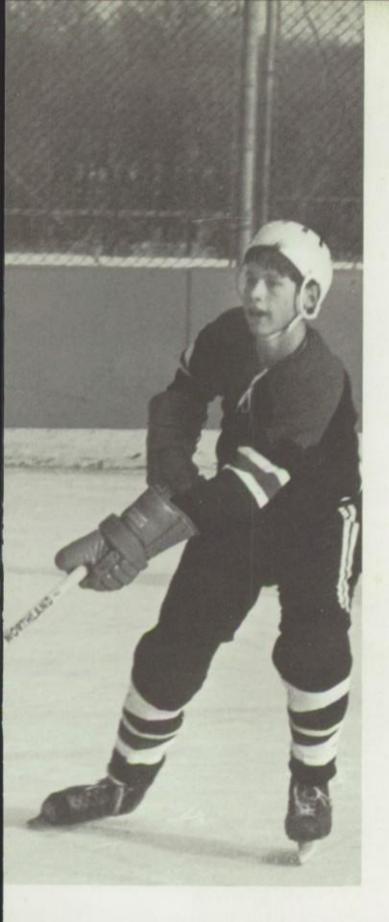

WRESTLING 7-4

HOCKEY 6-6-1

An early winter morning (2:00 to 4:00 AM shift): a silent cold but happy walk (crunchfoot) down the dark road of tractorpacked light snow to the hockey pond, and you wonder whether anyone is really down at the rink flooding, and so you run to slide on the snowice until lights suddenly glisten through iceencased chattering branches . . . they're there. And inside; echoes and more lights, and cocoa and cookies and warmth and—flooding. A thin stream of hot water that clings icily to the flooders. An half an inch of ice added + reinforcements = back up the hill to bed.

Hockey begun on hard, fast ice and soon the echoes of slapshots, the sudden slash of light, whitespray, and the dreaded whistle (red line, blue line, other blue line, red line

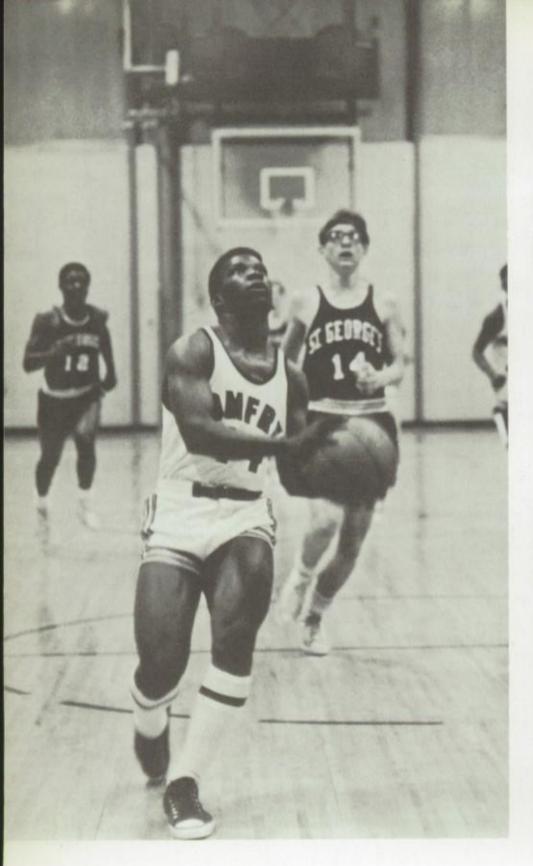

et ad exhaustium).

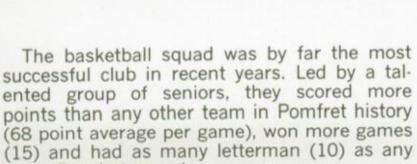

And drills paying off: a 4–3 upset slaying of St. George's in a night game, a well-fought 2–1 loss to league leading Burrillville, and a fantastic 3–2 overtime defeat of Williston. A solid 6–6–1 record for the '68 season.

And winter ending too soon with a steak dinner at the hockey pond, the athletic banquet (Trudy Goldmark announced next year's captain), and with a final plunge the Polar Bears conceded Spring and Euphoria which followed shortly.

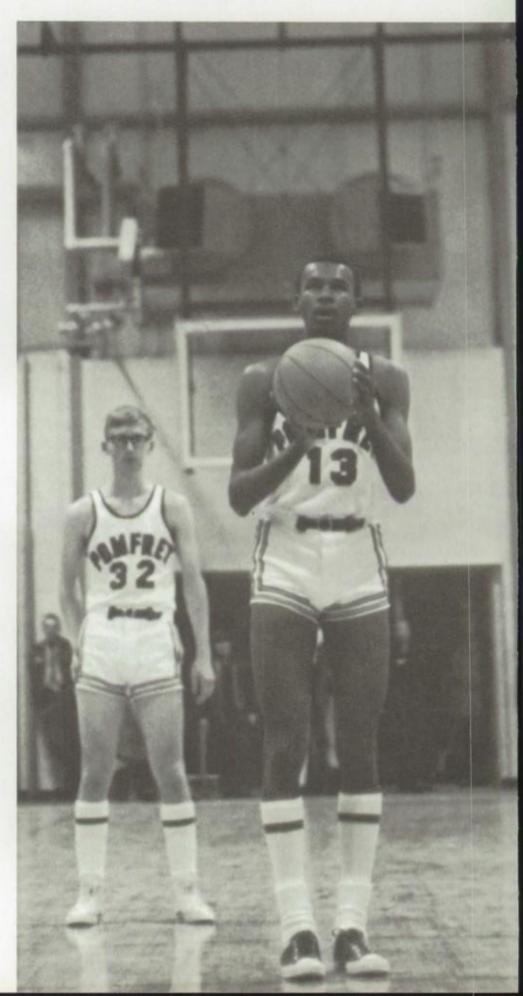

Slim Mathews and Robert Richardson were the top rebounders, backed up by Bob Sims. These three were able to start our fast break consistently and seldom gave the opposition more than one shot. Our pressing defense was effective because of quick guards such as Captain-elect John Daniels and Jeff Hodges. When either of the latter became fatigued their positions were ably filled by Gary Seacrest or Eric Coleman. Carl McAulay, Captain, thrilled fans with his fantastic drives and outside jump shot. Rounding out the team were two dependable players Steve Hirsch and Jeff Parker.

BASKETBALL 14-3

CREW

Under the excellent coaching of Mr. Daentl, Pomfret crew completed the most successful season in recent years. Inspired by the incomparable wit of the first boat (oh, my side) and conditioned by the seemingly endless sprints on Roseland Lake, the first four boats won all their meets with the exception of Choate.

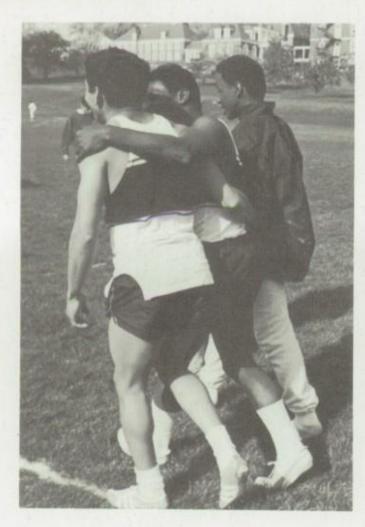

A Dance Weekend win over Brown & Nichols and St. Marks in a tri-meet was easy for the first boat as a second boat sprint brought them past St. Marks to take first by a tenth of a second. The meet against usually strong South Kent ended with first and second boats winning by open water.

An outstanding performance at the Worcester Regatta climaxed the season as the Pomfret third boat finished fifth and the first boat finished a strong third after beating champion Nobles-Greenough in the morning heat. The second boat highlighted the afternoon with a first place finish after an exciting duel with Exeter.

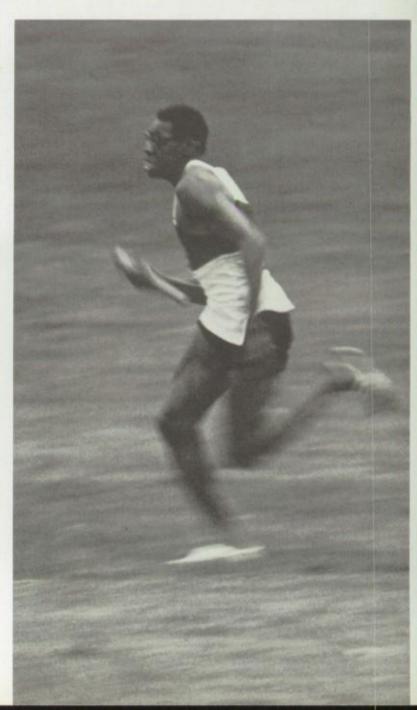

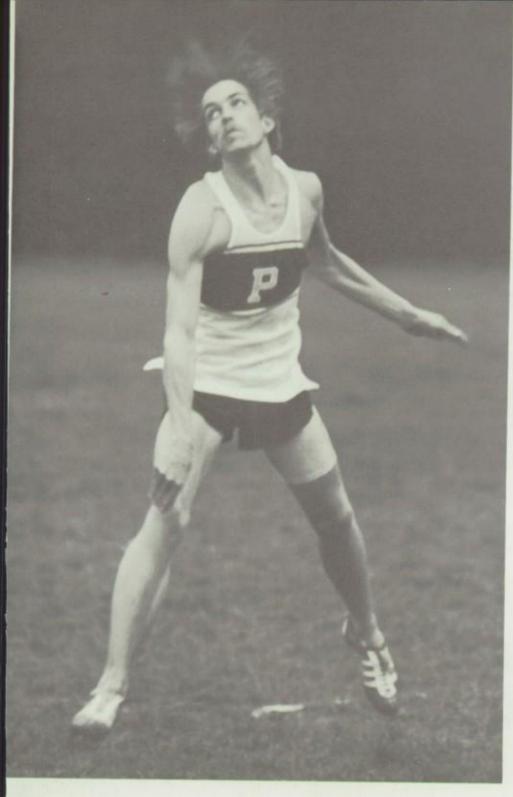

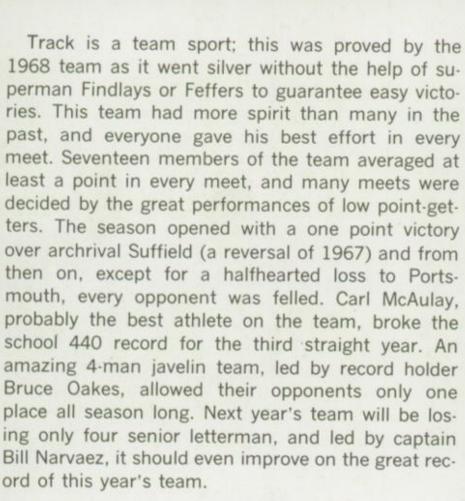

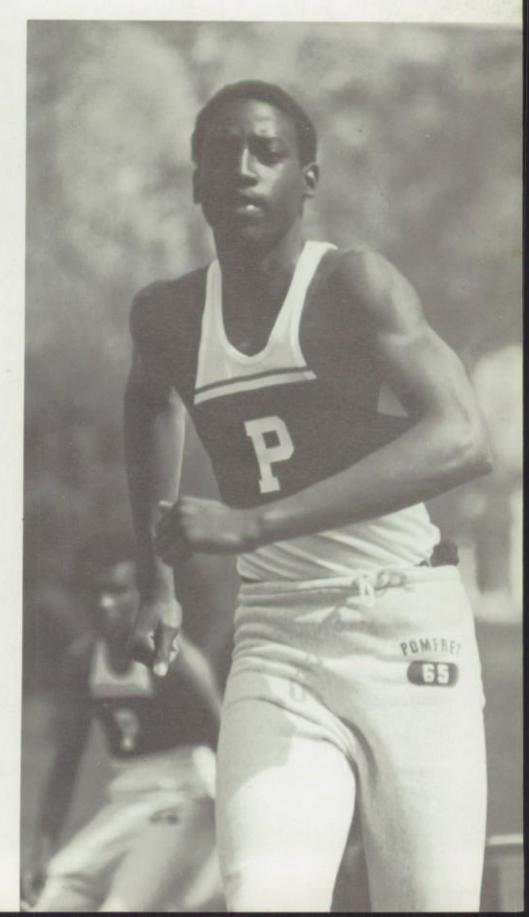

TRACK 6-1

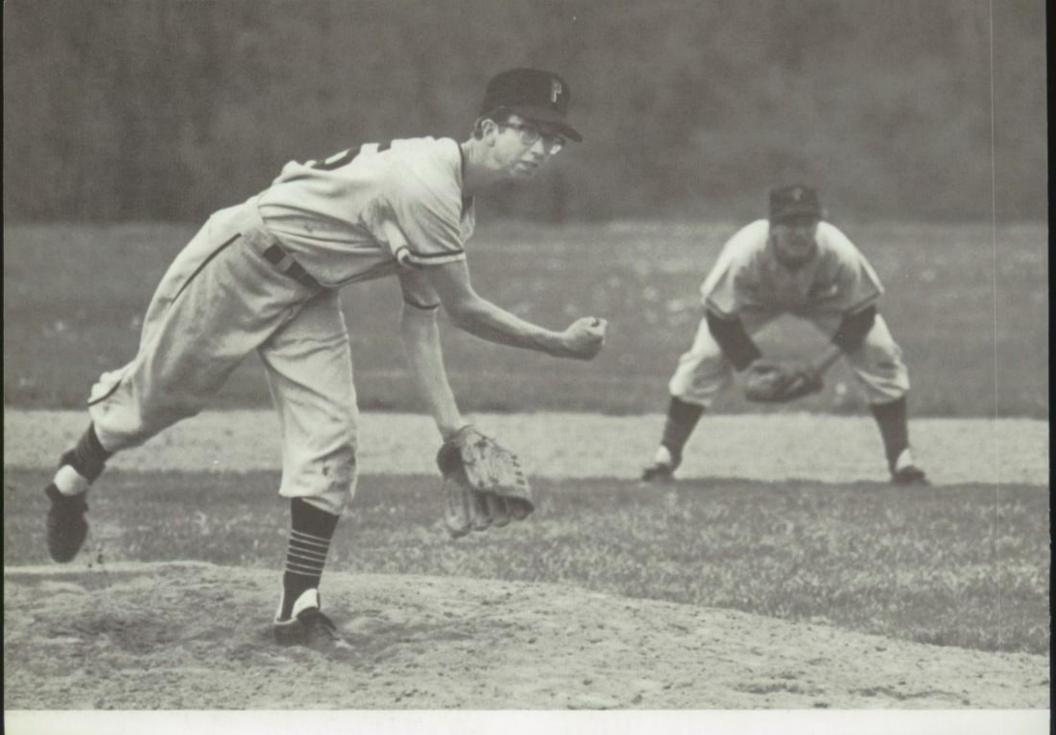

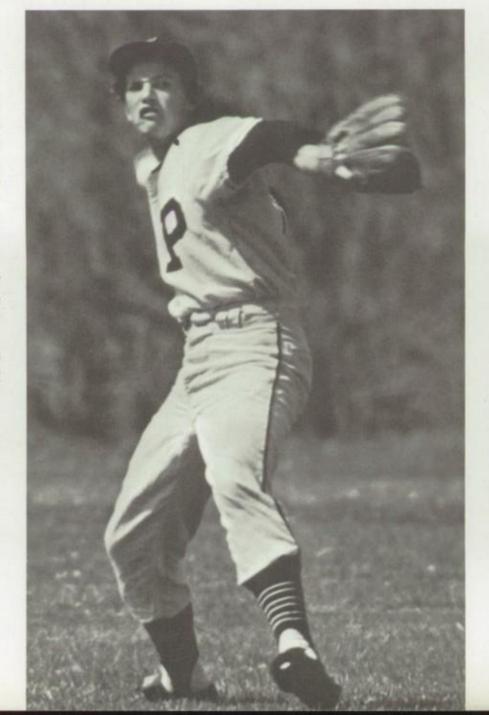

This year's team was plagued by a few unfortunate errors which cost it four games but the highlight of the season was a 2-1 victory over Bartlett, the first in fifteen years.

Dave Steege and Bob Randall pitched consistently well throughout the season but did not always get the support they needed. Captain Joel Rathbone played an alert and skillful game as catcher. He and freshman Gary Duprey at first base were the two most consistent hitters on the team. Jeff Stone's natural baseball talent made an effective shortstop, and senior Rob Reich had a good year at 3rd base. The outfield saw the talent of Alan Cutler, and Senior Robbie Richardson, whose proficient batting also helped the team.

BASEBALL 3-8

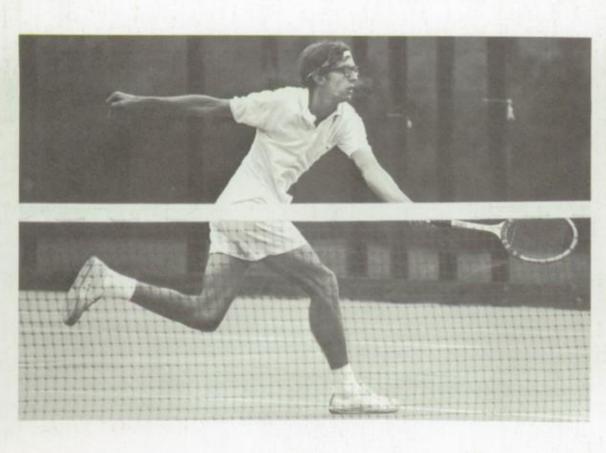

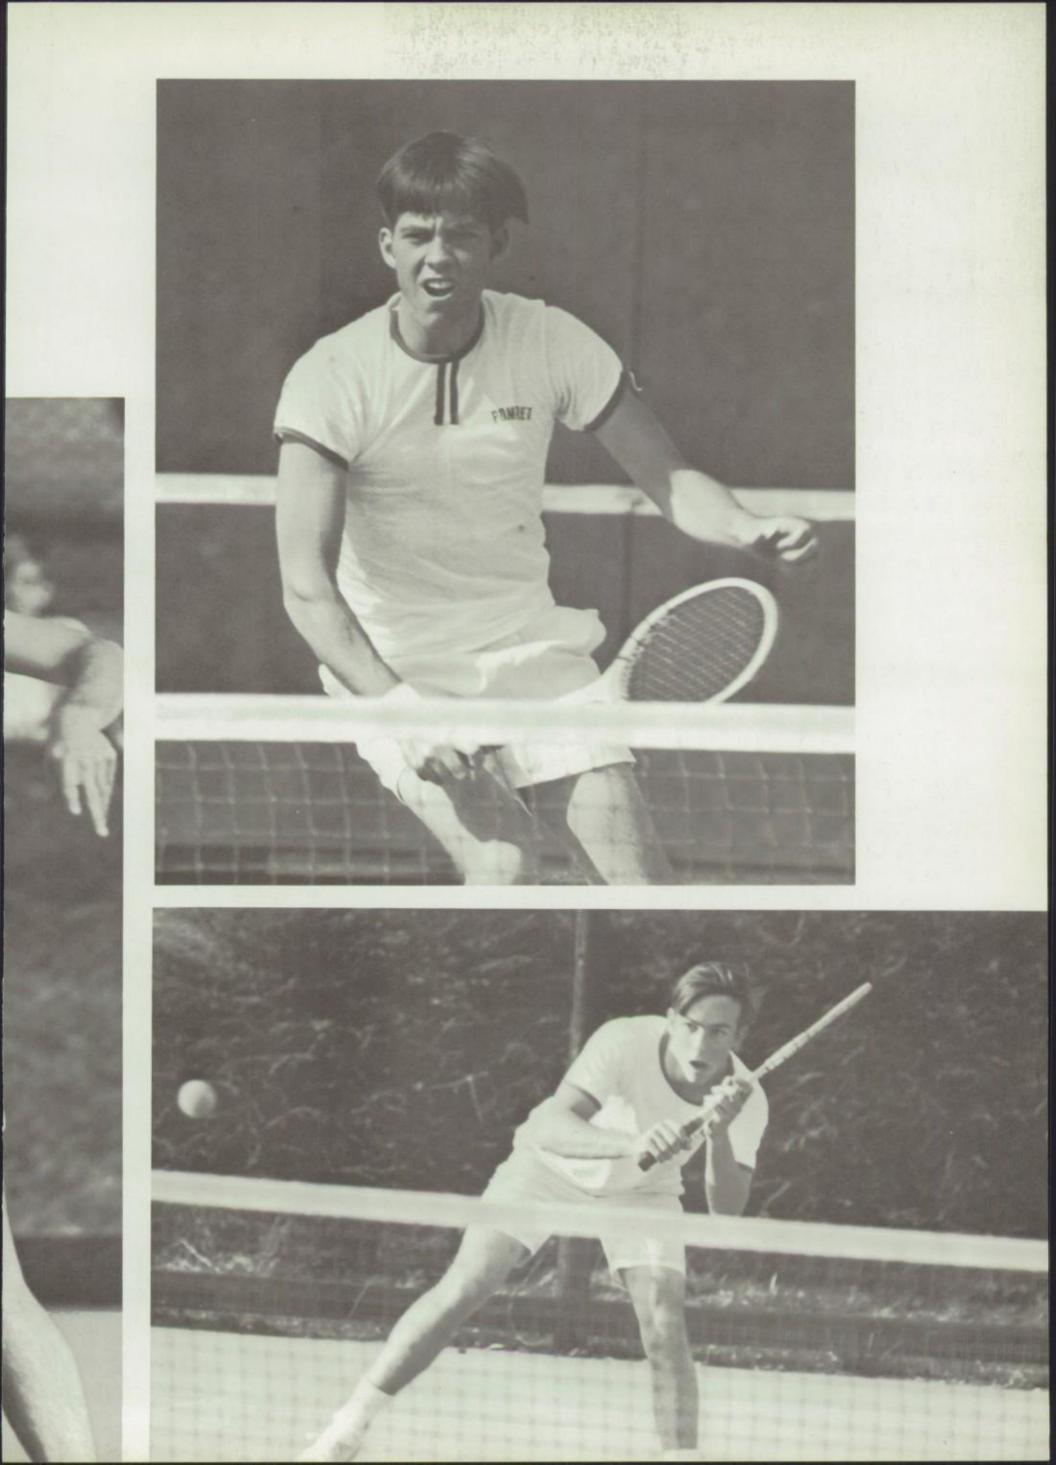

TENNIS 8-2

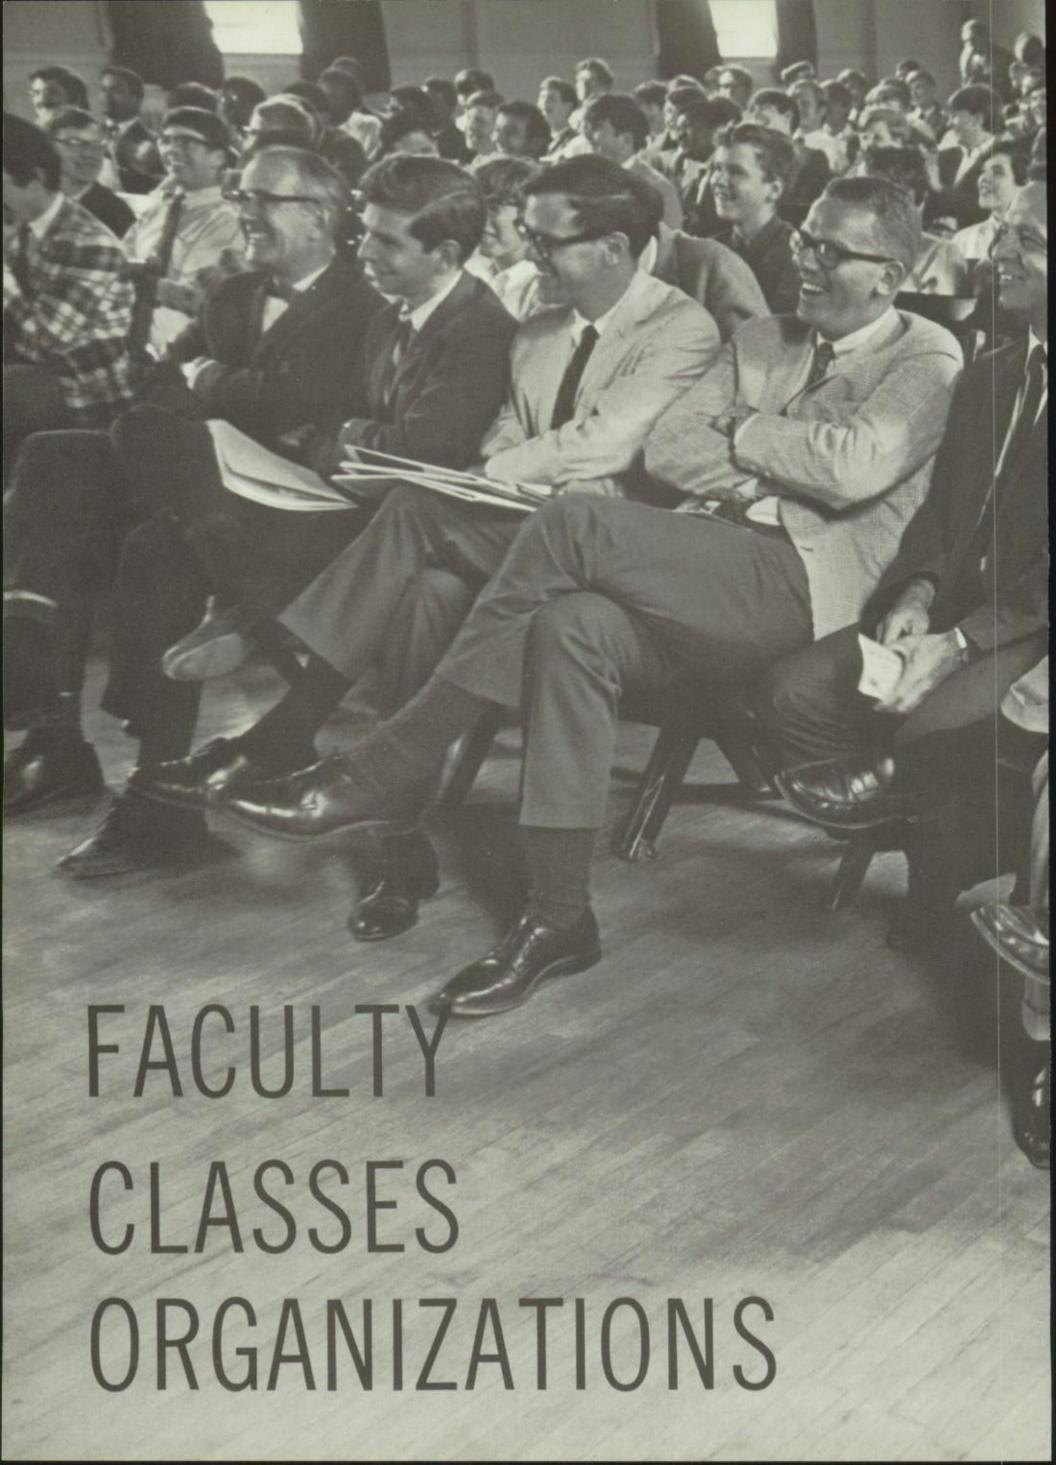

At the cement north courts where the winds howl and shake the fences, Loomis, our first opponent this year, turned gold into silver. Then at the hands of St. Mark's sleazy two set system hopes for retaining a silver season vanished.

Ironically Mr. Williams has said that this year's team has more depth and strength than the two previous golden teams which compiled a seemingly uncomparable 24 and 0 record. But look at Chris Warner with his trusty steel racquet, look at Captain Hodges and Slade Dingman, they have all had sound winning seasons. As we go down the ladder, Goldmark, Thurmond, Hirsch, and Friedman have all turned in creditable performances.

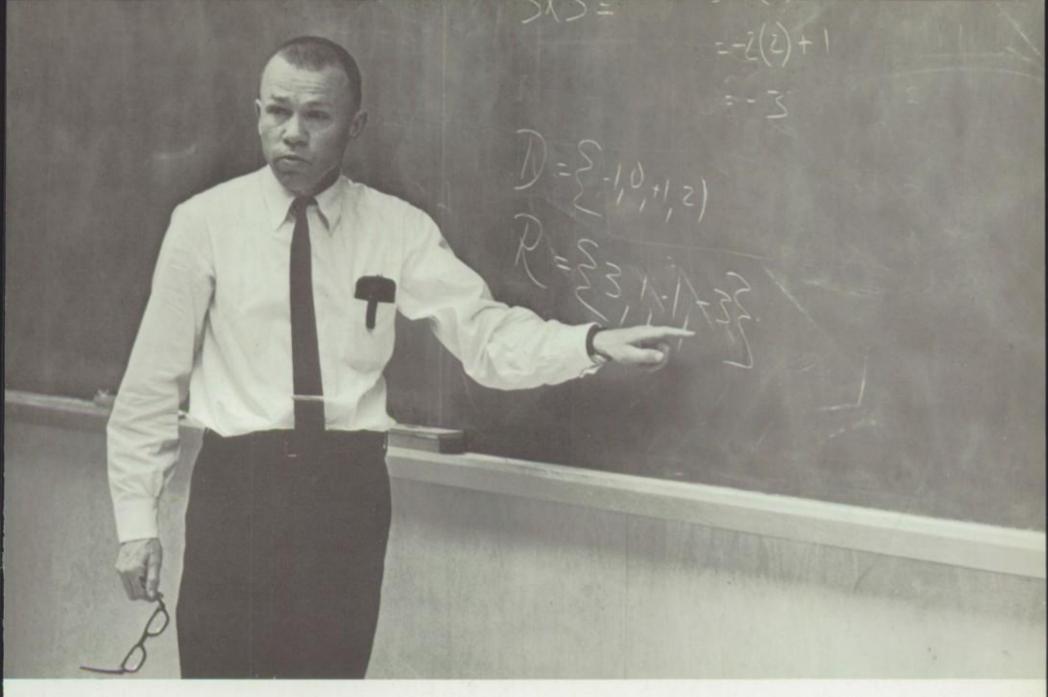

The Sixth Form wishes to give special recognition to these five teachers for their outstanding contributions to the school and to the Form.

HOW DO YOU get photographs like this one through 214,000 miles of outer space to earth?

Space scientists at NASA wanted to know, and CBS Laboratories engineers provided the answer. They developed a unique Readout and Recording system that rode on board all five NASA Lunar Orbiter spacecrafts to photograph landing sites on the moon for American astronauts.

The system's nerve center is a tiny Line Scan Tube that converted the photographs to radio signals for transmission to earth. They were then reconstructed to high-resolution photographs like this one of earth as seen from the moon's vantage point in space.

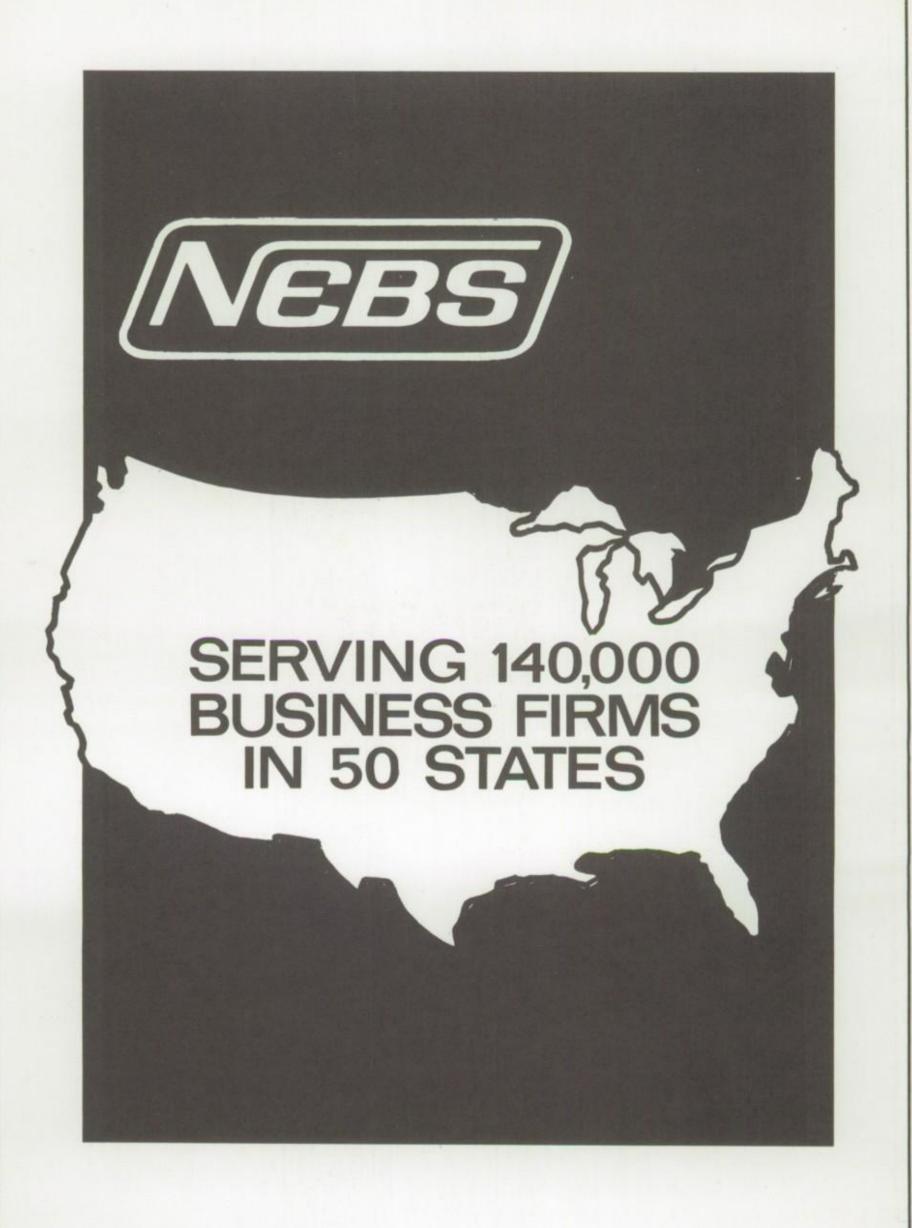

The Lunar Orbiter system is one of many contributions CBS Laboratories scientists have made to America's space program.

Their achievements in space point to a growing role for CBS Laboratories as man continues his scientific explorations in, and out, of this world.

Explore the opportunities for the future and become part of this expanding team. Contact

STROBE FLASH MULTIPLE EXPOSURE OF
AN ORVIS IMPREGNATED BAMBO FLY ROD
THROUGH BACK CAST AND FORWARD CAST.
ORVIS BAMBOO RODS HAVE BEEN "THE
GREAT TRADITION" SINCE 1856. THEIR
POWERFUL FULL-LENGTH-FLEX MAKES THEM
EASIEST AS WELL AS MOST PLEASANT FOR
LAYING OUT A FLY LINE.
MANCHESTER, VERMONT
